SOGANG KOREAN LANGUAGE EDUCATION CENTER

Sogang KLEC was established in 1990 with the goal to popularize and spread the Korean language and Korean culture throughout the world. Over 35,000 students from overseas have learned about Korean culture and language by participating in its program. On average 4,400 students register for the Korean Language Education Center every year.

Sogang KLEC is especially known for its ability to improve students' Korean speaking skills and its student-centered education method. We have done our best to reflect and accommodate the requests and interests of our students to create an engaging learning environment.

SOGANG KOREAN 서강한국어

Sogang KLEC has created a renowned Korean textbook series called ‘서강 한국어(Sogang Korean)’.

It is one of the best Korean text books and is wildly used for learning Korean. The textbooks were created to meet the needs of both the students and instructor. They contain a wide variety of real-world situations to allow students to naturally practice their conversation skills.

SO GANG KIP

Sogang KLEC is famous for improving Korean speaking skills through our well-established cultural experience programs that provide a comprehensive and unforgettable experience.

Sogang Korean Immersion Program includes 4-hour language classes in the morning and more than 2-hour cultural activities in the afternoon every weekday, allowing students to improve their language skills and learn more about the local culture through a immersion experience.

Sogang KIP's students have different cultural background. They can share their enthusiasm and ideas about Korean language and culture during the program. Those experience will encourage the joy of learning other culture and even broaden their perspective of the world.

SOGANG KIP PROGRAM CONTENTS

★KOREAN LANGUAGE

Every morning, Monday to Friday, students take language courses designed to help improve their fluency in conversational Korean. Using an integrated teaching method, students practice speaking, listening, reading and writing skills and learn useful vocabulary and grammar patterns. Through group projects and classroom activities, students acquire practical speaking experience while learning about Korean culture.

★CULTURE ACTIVITIES

Students spend the afternoons taking interactive culture activities. Students take outings into the city with their instructors or teaching assistants to complete assignments that help them practice their Korean language skills in a real world setting.
